Summary

Graduated from Faculty of science Alexandria University, Egypt, skilled in full-stack development using both .NET and MERN stacks. Experienced in building scalable websites, with strong command of C#, JavaScript, React, Node.js, Express, Mongo, and SQL. Proficient in database design and API integration. Passionate about creating innovative, efficient, and high-quality technical solutions that deliver impactful user experiences.

Internship

DotNet Full Stack Web Development

July 2025 - Dec 2025

Information Technology Institute (ITI)

- Tickets Management System (Tessera) Graduation project: [View Project](#)
 - Technology used: .NET 9-ASP.NET Core / Entity Framework / MySQL / LINQ / Stripe.net / Angular 18 / Bootstrap / TypeScript

Education

Faculty of Science – Software Industry and Multimedia Department

Oct 2020 - June 2024

Alexandria University - Grade : **3.5/4.0** (Excellent)

- Graduation Project (Petpal) Grade - Excellent: [View Project](#)
 - Technology used : MERN stack / Microservices Architecture / MVC / SMTP / RESTful apis / bcrypt / multer / nodemailer / openai / cloudinary / mongoose / bootstrap / MUI
- E-Commerce Gaming Website Project: [View Project](#)
 - Technology used : MERN stack / Microservices Architecture / Docker / bcrypt / mongoose / Redis / RESTful apis

Experience

Freelance Video Editor

- Adobe Premiere Pro

June 2023 – Oct 2024

Courses

Database Fundamentals

Jul 2025

- Maharatech

The Complete Node.js Course (RESTful Web Services with Node.js, Express, and MongoDB)

Aug 2024

- Maharatech

Open-Source Development (Summer Training)

Aug 2023

- Information Technology Institute (ITI)

Introduction To The Internet of Things - IoT Value Chain

Jul 2023

- Maharatech

Developing iOS app using SWIFT (Winter Training)

Feb 2023

- Information Technology Institute (ITI)

Introduction To Artificial Intelligence (AI)

Feb 2023

- IBM

Linux System Administration with IBM Power Systems

Jul 2022

- IBM

Skills

- Programming Languages : JavaScript - TypeScript - C# - C++ - Java - Python
- Backend : .Net Core - LINQ - Entity Framework – ExpressJs - NodeJs - RESTful API
- Frontend : HTML5 - CSS3 - Bootstrap - ReactJs - AngularJs
- Databases: SQL Server - MongoDB - MySQL
- Soft Skills: Problem-Solving – Teamwork - Adaptability - Continuous Learning

Languages

- Arabic : Native
- English : Excellent

Extra Curriculum Activities

- Technical staff at Hacker Rank Jul 2022 - Aug 2022

Additional Information

Military Service: Completed my military service as a Soldier from (1 December 2024) to (8 April 2025).
